Safe and Green Development Corporation
Notes to Condensed Financial Statements

For the Nine Months Ended September 30, 2025 and 2024

1. Description of Business

Safe and Green Development Corporation (the “Company” or “SG DevCo”) is a Delaware corporation, originally formed in 2021 under the name SGB Development Corp., to engage in real property development using purpose-built, prefabricated modules constructed from both wood and steel. From its inception through 2023, the Company’s operations primarily focused on the acquisition, entitlement, and development of residential properties in high-growth markets across the United States. These efforts included the direct acquisition of land, strategic investments in real estate entities, and joint venture partnerships targeting green, single-family and multifamily housing projects.

In 2023 and early 2024, the Company expanded its strategy by investing in real estate-related artificial intelligence (“AI”) technologies and entering into additional joint ventures in the Southern Texas market aimed at developing sustainable single-family housing. The Company also announced plans to monetize its real estate holdings by selling properties where third-party appraisals indicated meaningful value appreciation, with proceeds to be reinvested into its operations or used to fund project-level or corporate activities.

In June 2025, the Company completed its acquisition of Resource Group US Holdings LLC (“Resource Group”), which marked a significant strategic shift in the Company’s core business. Resource Group, through its subsidiaries, is a vertically integrated, full-service operator in the engineered soils and organic recycling industry. Its operations center on the transformation of targeted organic green waste materials into environmentally friendly soil and mulch products. Resource Group also provides comprehensive green waste logistics and collection services through its owned fleet of high-capacity transportation equipment.

While the operations of Resource Group are expected to serve as the Company’s primary operational focus going forward, the Company plans to continue to optimize and operate its legacy real estate assets and joint venture interests. In connection with this dual-track strategy, the Company is evaluating the most efficient path to manage its property portfolio while supporting the growth and operational scale of Resource Group.

Going Concern

The Company began operations during 2021, has incurred net losses since inception and has a net capital deficiency, which raises substantial doubt about its ability to continue as a going concern. The Company has funded its operations from revenue from operations and through bridge note financing, project level financing, and the issuance of its equity and debt securities. The above conditions raise substantial doubt about the Company’s ability to continue as a going concern. The Company has initiated strategic monetization of properties, which may yield additional financing proceeds to fund operations, however there is no assurance that the Company will be successful in achieving its objectives.

Reverse Stock Split

On October 8, 2024, the Company effected a 1-for-20 reverse stock split of its then-outstanding common stock (“Stock Split”). All share and per share amounts set forth in the condensed consolidated financial statements of the Company have been retroactively restated to reflect the 1-for-20 reverse stock split as if it had occurred as of the earliest period presented and unless otherwise stated, all other share and per share amounts for all periods presented in this Quarterly Report on Form 10-Q for the period ended September 30, 2025 have been adjusted to reflect the reverse stock split effected in October 2024.

2. Summary of Significant Accounting Policies

Basis of presentation and principals of consolidation — The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and with the instructions to the Quarterly Report on Form 10-Q and Article 8 Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for annual financial statements. The unaudited condensed consolidated financial statements and notes should be read in conjunction with the audited condensed consolidated financial statements and notes for the year ended December 31, 2024 included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2024, as filed with the Securities and Exchange Commission on March 31, 2025. In the opinion of management, all adjustments, consisting of normal accruals, considered necessary for a fair presentation of the interim financial statements have been included. Results for the nine months ended September 30, 2025 are not necessarily indicative of the results that may be expected for the year ending December 31, 2025. The condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, LV Peninsula Holding, LLC (“LV Holding”), MyVonia Innovations LLC (“MyVonia LLC”), Resource Group, Resource Group US LLC (“Resource”), Zimer Equipment Inc. (“ZEI”) and ETS Realty 1, LLC (“ETS”), as well as Sugar Phase I LLC (“Sugar Phase”) (until the time of deconsolidation as described below) and Pulga Internacional LLC (“Pulga”) which are described below.

Recently adopted accounting pronouncements — New accounting pronouncements implemented by the Company are discussed below or in the related notes, where appropriate.

Accounting estimates — The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of expenses during the reporting period. Actual results could differ from those estimates.

Revenue recognition – The Company determines, at contract inception, whether it will transfer control of a promised good or service over time or at a point in time, regardless of the length of contract or other factors. The recognition of revenue aligns with the timing of when promised goods or services are transferred to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. To achieve this core principle, the Company applies the following five steps in accordance with its revenue policy:

- (1) *Identify the contract with a customer*
- (2) *Identify the performance obligations in the contract*
- (3) *Determine the transaction price*
- (4) *Allocate the transaction price to performance obligations in the contract*
- (5) *Recognize revenue as performance obligations are satisfied*

The revenue the Company has generated to date resulted from commissions related to residential real estate purchases and sales transactions, as well as the sale of land held. For revenue from commissions related to residential real estate purchased and sales transactions, the Company applies recognition of revenue when the customer obtains control over such service, which is at a point in time. Revenue from commissions amounted to \$0 and \$81,210 for the three months ended September 30, 2025 and 2024, respectively. Revenue from commissions amounted to \$18,170 and \$173,188 for the nine months ended September 30, 2025 and 2024 respectively.

The Company recognizes revenue from the sale of materials (compost, soil and mulch) as well as the collection and disposal services of waste, which at times, is produced into saleable materials. The sale of materials is recognized at the point in time when control of the product transfers to the customer, which typically occurs upon delivery or customer pickup at the Company’s facility.

Revenue from the sale of materials amounted to \$3,515,708 and \$0 for the three months ended September 30, 2025 and 2024, respectively. Revenue from the sale of materials amounted to \$4,918,218 and \$0 for the nine months ended September 30, 2025 and 2024, respectively.

Accounts receivable and allowance for credit losses – Accounts receivable are receivables generated from sales to customers. Amounts included in accounts receivable are deemed to be collectible within the Company’s operating cycle. The Company recognizes accounts receivable at invoiced amounts.

The Company adopted ASC 326, Current Expected Credit Losses, on January 1, 2023, which requires the measurement and recognition of expected credit losses using a current expected credit loss model. The allowance for credit losses on expected future uncollectible accounts receivable is estimated considering forecasts of future economic conditions in addition to information about past events and current conditions.

The allowance for credit losses reflects the Company’s best estimate of expected losses inherent in the accounts receivable balances. Management provides an allowance for credit losses based on the Company’s historical losses, specific customer circumstances, and general economic conditions. Periodically, management reviews accounts receivable and adjusts the allowance based on current circumstances and charges off uncollectible receivables when all attempts to collect have been exhausted and the prospects for recovery are remote. Recoveries are recognized when they are received. Actual collection losses may differ from the Company’s estimates and could be material to its consolidated financial position, results of operations, and cash flows. As of September 30, 2025 and December 31, 2024, the Company’s allowance for credit losses amounted to \$117,137 and \$0, respectively.

Inventory – Inventory consists of dirt, sand, mulch and compost. The Company’s inventory is valued at the lower of cost (first-in, first-out method) or net realizable value, and consists of all finished goods. As of September 30, 2025 and December 31, 2024 there was inventory of \$1,087,968 and \$0, respectively.

Variable Interest Entities – The Company accounts for certain legal entities as variable interest entities (“VIE”). When evaluating a VIE for consolidation, the Company must determine whether or not there is a variable interest in the entity. Variable interests are investments or other interests that absorb portions of an entity’s expected losses or receive portions of the entity’s expected returns. If it is determined that the Company does not have a variable interest in the VIE, no further analysis is required and the VIE is not consolidated. If the Company holds a variable interest in a VIE, the Company consolidates the VIE when there is a controlling financial interest in the VIE and therefore are deemed to be the primary beneficiary. The Company is determined to have a controlling financial interest in a VIE when it has both the power to direct the activities of the VIE that most significantly impact the VIE economic performance and the obligation to absorb losses or the right to receive benefits of the VIE that could potentially be significant to that VIE. This determination is evaluated periodically as facts and circumstances change.

On July 23, 2024, the Company entered into a Joint Venture Agreement with Milk & Honey, for the purpose of establishing a joint venture to be conducted under the name of Sugar Phase for the purpose of developing and constructing single-family homes on five parcels of land located in Edinburg Texas (“Sugar Phase JV”).

On March 6, 2025, the Company entered into a Buyout Agreement (the “Buyout Agreement”) with Milk & Honey, pursuant to which the Company agreed to sell to Milk & Honey the Company’s 60% membership interest (the “Interest”) in Sugar Phase, for a purchase price of \$557,868, reflecting amounts contributed and costs incurred by the Company in connection with the Sugar Phase I project, to be evidenced by a one-year promissory note (the “Note”) in the principal amount of \$557,868, bearing interest at 10% per annum.

The Buyout Agreement and Note provide that the Company’s Interest will be transferred to Milk & Honey incrementally as the Note is repaid. The closing under the Buyout Agreement occurred on March 7, 2025. In connection therewith, Milk & Honey prepaid \$120,000 of the principal amount due under the Note and the Company transferred 10.27% of the Company’s Interest in the JV. As of September 30, 2025, the Company has received the full amount due. Additionally, the Company deconsolidated the activities of Sugar Phase during the nine months ended September 30, 2025 and determined it to be a discontinued operation. As of September 30, 2025 the Company did not hold an interest in Sugar Phase.

On September 2, 2024, the Company entered into a second Joint Venture Agreement with Milk & Honey, for the purpose of establishing a joint venture to be conducted under the name of Pulga Internacional for the purpose of developing an eco-friendly retail outlet on land located in Weslaco Texas (“Pulga JV”). The terms of the Pulga JV were similar to the Sugar Phase JV, with the exception that Milk & Honey had contributed land with an estimated appraisal value of \$164,895, and the net profits of the Pulga JV was to be distributed 50% to the Company and 50% to Milk & Honey. Additionally on October 1, 2024, the Company and Milk & Honey entered into a joint venture to be conducted under the name of Hacienda Olivia Phase II LLC (“Hacienda Oliva”) which had no activity through July 15, 2025. As of July 15, 2025, the Pulga JV and Hacienda Oliva joint-venture entities with Milk & Honey were formally dissolved and ceased operations.

Investment Entities — On May 31, 2021, the Company agreed to contribute \$600,000 to acquire a 50% membership interest in Norman Berry II Owner LLC (“Norman Berry”). The Company contributed \$350,329 and \$114,433 of the initial \$600,000 in the second quarter and third quarter of 2021 respectively, with the remaining \$135,183 funded in the fourth quarter of 2021. The purpose of Norman Berry is to develop and provide affordable housing in the Atlanta, Georgia metropolitan area. The Company has determined it is not the primary beneficiary of Norman Berry and thus will not consolidate the activities in its financial statements. The Company uses the equity method to report the activities as an investment in its condensed consolidated financial statements. As of September 30, 2025 the Company continued to hold a 50% interest in Norman Berry. The Norman Berry partnership recently obtained final city council and entitlement approval for the project. The next step involves completing the consolidation of the various lots into a single parcel, and the Company’s development team and surveyors are preparing the required documentation and submittals for city review and approval. Survey documents reflecting the approved M-I zoning designation are expected to be submitted to the city’s Planning Department for administrative review to obtain final parcel-map approval.

On June 24, 2021, the Company entered into an operating agreement with Jacoby Development for a 10% non-dilutable equity interest for JDI-Cumberland Inlet, LLC (“Cumberland”). The Company contributed \$3,000,000 for its 10% equity interest. During the year ended December 31, 2023, the Company contributed an additional \$25,000. The purpose of Cumberland is to develop a waterfront parcel in a mixed-use destination community. The Company has determined it is not the primary beneficiary of Cumberland and thus will not consolidate the activities in its condensed consolidated financial statements. The Company uses the equity method to report the activities as an investment in its condensed consolidated financial statements.

On February 11, 2025, the Company entered into an Amendment (this “February Amendment”) to the Operating Agreement, dated June 24, 2021 (the “Operating Agreement”), for Cumberland, by and between the Company and Jacoby Development Inc., a Georgia corporation (“JDI”), and a Forced Sale Agreement by and between the Company and JDI, pursuant to which Cumberland acquired the Company’s 10% equity interest (the “LLC Interest”) in Cumberland in exchange for a promissory note (the “Cumberland Note”) from Cumberland in the principal amount of \$4.5 million. The Cumberland Note bears interest at the rate of 6.5% per annum, matures on February 6, 2026 and is secured by a pledge of a 10% equity interest in Cumberland. Payment of the Cumberland Note is also guaranteed by JDI. Due to uncertainty in the collection of the Cumberland Note as of September 30, 2025, the Company has recorded an allowance for credit losses in the amount of \$4,500,000. As of September 30, 2025, due to possible the uncollectability of the Cumberland Note the company has recorded an allowance for credit losses in the amount of \$4,500,000, which resulted in bad debt expense of \$3,025,000 and a reserve of \$1,475,000 against a deferred gain on sale.

During the nine months ended September 30, 2025 and 2024, Norman Berry and Sugar Phase (prior to deconsolidation) did not have any material earnings or losses as the investments are in development. In addition, management believes there was no impairment as of September 30, 2025 and December 31, 2024.

As of September 30, 2025, the Company’s balance of equity-based investments is for its remaining investment in Norman Berry. As of December 31, 2024 the Company’s balance of equity-based investments related to its \$3,000,000 investment in Cumberland and \$642,607 investment in Norman Berry.

Cash and cash equivalents — The Company considers cash and cash equivalents to include all short-term, highly liquid investments that are readily convertible to known amounts of cash and have original maturities of three months or less upon acquisition.

2. Summary of Significant Accounting Policies (cont.)

Property, plant and equipment — Property, plant and equipment is stated at cost. Depreciation is computed using the straight-line method over the estimated lives of each asset. Repairs and maintenance are charged to expense when incurred.

Intangible assets — Intangible assets consist of \$22,210 of website costs that will be amortized over 5 years and \$1,028,323 of software development costs that will be amortized over 3 years. During the nine months ended September 30, 2025, the Company determined that the software development costs were impaired and recorded an impairment loss in the amount of \$965,812.

Project Development Costs — Project development costs are stated at cost. At September 30, 2025 and December 31, 2024, the Company's project development costs are expenses incurred related to development costs on various projects that are capitalized during the period the project is under development.

Assets Held For Sale — During 2022, management implemented a plan to sell a 50+ acre Lake Travis project site in Lago Vista, Texas ("Lago Vista"), which meets all of the criteria required to classify it as an Asset Held For Sale. Including previous project development costs associated with Lago Vista of \$824,231, the book value is now \$4,400,361.

On January 30, 2025, the Company entered into a definitive agreement with Lithe Development Inc., a Texas corporation ("Lithe"), for the sale of the Lago Vista Site. The agreed-upon purchase price for the property was \$6,575,000. The Lithe sale was subsequently canceled, and Lago Vista continues to be actively marketed. As of November 13, 2025, the Company is in negotiations to restructure the debt associated with both the Lago Vista property and an additional property owned by the Company in Durant, Oklahoma, with finalization expected during the fourth quarter of 2025.

Fair value measurements — Financial instruments, including accounts payable and accrued expenses are carried at cost, which the Company believes approximates fair value due to the short-term nature of these instruments. The short-term note payable is carried at cost which approximates fair value due to corresponding market rates.

The Company measures the fair value of financial assets and liabilities based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Company maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value.

The Company uses three levels of inputs that may be used to measure fair value:

Level 1 — Quoted prices in active markets for identical assets or liabilities.

Level 2 — Quoted prices for similar assets and liabilities in active markets or inputs that are observable.

Level 3 — Inputs that are unobservable (for example, cash flow modeling inputs based on assumptions).

Transfer into and transfers out of the hierarchy levels are recognized as if they had taken place at the end of the reporting period.

Income taxes — The Company accounts for income taxes utilizing the asset and liability approach. Under this approach, deferred taxes represent the future tax consequences expected to occur when the reported amounts of assets and liabilities are recovered or paid. The provision for income taxes generally represents income taxes paid or payable for the current year plus the change in deferred taxes during the year. Deferred taxes result from the differences between the financial and tax bases of the Company's assets and liabilities and are adjusted for changes in tax rates and tax laws when changes are enacted.

The calculation of tax liabilities involves dealing with uncertainties in the application of complex tax regulations. The Company recognizes liabilities for anticipated tax audit issues based on the Company's estimate of whether, and the extent to which, additional taxes will be due. If payment of these amounts ultimately proves to be unnecessary, the reversal of the liabilities would result in tax benefits being recognized in the period when the liabilities are no longer determined to be necessary. If the estimate of tax liabilities proves to be less than the ultimate assessment, a further charge to expense would result.

On July 4, 2025, the One Big Beautiful Bill Act ("OBBBA") was signed into law, extending key provisions of the 2017 Tax Cuts and Jobs Act including, but not limited to, the restoration of 100% bonus depreciation, the introduction of new Section 174A permitting immediate expensing of domestic research and experimental expenditures, modifications to Section 163(j) interest expense limitations, updates to the rules governing global intangible low-taxed income, amendments to energy credit provisions, and the expansion of Section 162(m) aggregation requirements. The Company is currently assessing the impact of the OBBBA and an estimate of the impact on the Company's consolidated financial statements is not yet available.

Business Combinations — The Company accounts for business acquisitions using the acquisition method of accounting in accordance with ASC 805 "Business Combinations", which requires recognition and measurement of all identifiable assets acquired and liabilities assumed at their fair value as of the date control is obtained. The Company determines the fair value of assets acquired and liabilities assumed based upon its best estimates of the acquisition-date fair value of assets acquired and liabilities assumed in the acquisition. Goodwill represents the excess of the purchase price over the fair value of the net tangible and identifiable intangible assets acquired. Subsequent adjustments to fair value of any contingent consideration are recorded to the Company's consolidated statements of operations. Costs that the Company incurs to complete the business combination are charged to general and administrative expenses as they are incurred.

For acquisitions of assets that do not constitute a business, any assets and liabilities acquired are recognized at their cost based upon their relative fair value of all asset and liabilities acquired.

Concentrations of credit risk — Financial instruments, that potentially subject the Company to concentration of credit risk, consist principally of cash and cash equivalents. The Company places its cash with high credit quality institutions. At times, such amounts may be in excess of the FDIC insurance limits. The Company has not experienced any losses in such account and believes that it is not exposed to any significant credit risk on the account.

Accounting Standards Recently Adopted — On November 27, 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2023-07 Segment Reporting (Topic 280):

Improvements to Reportable Segment Disclosures. Among other new disclosure requirements, ASU 2023-07 requires companies to disclose significant segment expenses that are regularly provided to the chief operating decision maker. ASU 2023-07 is effective for annual periods beginning on January 1, 2024 and interim periods beginning on January 1, 2025. ASU 2023-07 must be applied retrospectively to all prior periods presented in the condensed consolidated financial statements. The Company adopted ASU 2023-07 during the year ended December 31, 2024 and it did not have material effect on the consolidated financial statements.

3. Notes Receivable

On November 13, 2024 the Company entered into a promissory note for \$960,672 in connection with the sale of the St. Mary's Site. The promissory note bore 10% interest per annum, provided for monthly interest payments and was to mature on March 15, 2025 with the option to extend up to three times by paying \$10,000 for each extension. Each extension period was 30 days. On June 23, 2025, the Company entered into an amendment to this note. Upon execution of the amendment, the Borrower paid the Company an extension fee of \$40,000. The amendment revised the payment schedule under the note to provide for: (i) a second payment of \$250,000 due on or before July 30, 2025 (subject to a 30-day extension if the Borrower provided proof of funds and the Company consented), and (ii) a final payment of \$670,672 was due on or before October 30, 2025 (or November 29, 2025, if the second payment was extended). As of September 29, 2025, the Borrower exercised the 30-day extension option for a total extension payment of \$30,000. The amendment also provides for automatic acceleration of all outstanding obligations under the note if any scheduled payment is not made on time. Additional events of default include the Borrower's default under any other obligations in excess of \$50,000, the occurrence of a material adverse change in the Borrower's financial condition, and failure to cooperate in perfecting the Company's security interests.

On February 11, 2025, the Company entered into the Cumberland Note in the principal amount of \$4.5 million. The Cumberland Note bears interest at the rate of 6.5% per annum, matures on February 6, 2026 and is secured by a pledge of a 10% equity interest in Cumberland. Payment of the Cumberland Note is also guaranteed by JDI.

As disclosed in Note 2, the Company has recorded an allowance for credit losses in the amount of \$4,500,000.

LV Note

On April 3, 2024, LV Holding, entered into a Modification and Extension Agreement, effective as of April 1, 2024 (the "Extension Agreement"), to extend to April 1, 2025 the maturity date of the LV Note. As consideration for the Extension Agreement, LV Holding agreed to pay an extension fee of \$50,000. Additionally, the Extension Agreement provided for the LV Note's interest rate to be increased to a fixed rate of 17.00%. In addition, pursuant to a loan agreement dated April 3, 2024 (the "2nd Lien Loan Agreement"), LV Holding issued a promissory note, in the principal amount of \$1,000,000 (the "2nd Lien Note"), secured by a revised Deed of Trust and Security Agreement, dated April 3, 2024 (the "Revised Deed of Trust") on the Company's Lago Vista site, and a Modification to Real Estate Mortgage, dated April 3, 2024 ("Mortgage Modification"), to the mortgage, dated March 30, 2023, on the Company's McLean site in Durant, Oklahoma. The 2nd Lien Note is subordinate to the LV Note. The 2nd Lien Note required monthly installments of interest only at a fixed rate of 17.00%, had a maturity date of April 1, 2025 and could be prepaid by LV Holding at any time without interest or penalty. LV Holding's obligations under the 2nd Lien Note were guaranteed by the Company pursuant to a Guaranty, dated April 3, 2024. As of November 13, 2025, the LV Note is being renegotiated. Although the principal and accrued interest were not paid upon maturity, the lender has not declared any unpaid principal balance, earned interest, and any other amounts owed on the note immediately due.

BCV

On June 23, 2023, the Company entered into a Loan Agreement (the "BCV Loan Agreement") with a Luxembourg-based specialized investment fund, BCV S&G DevCorp ("BCV S&G"), for up to \$2,000,000 in proceeds, under which it initially received \$1,250,000. The Loan Agreement provides that the loan provided thereunder will bear interest at 14% per annum and mature on December 1, 2024. The loan may be repaid by the Company at any time following the twelve-month anniversary of its issue date.

On April 11th, 2025, BCV and the Company amended the BCV Loan Agreement (“Amendment No. 3”) to extend the maturity date of the note from December 1, 2024 to December 1, 2025. Additionally, BCV increased the principal balance of the note to \$2,200,000.00 (two million two hundred thousand dollars). According to Amendment No. 3, the loan will now be primarily secured by 176,425 Treasury Shares and will be additionally secured by the \$960,672 St Mary’s Note as well as the Cumberland Note, which is alternative collateral and only used if the note is in default.

Leighton

On March 1, 2024, the Company entered into a credit agreement with the Bryan Leighton Revocable Trust Dated December 13, 2023 (the “Lender”) pursuant to which the Lender agreed to provide the Company with a line of credit facility (the “Line of Credit”) up to the maximum amount of \$250,000 from which the Company may draw down, at any time and from time to time, during the term of the Line of Credit. The “Maturity Date” of the Line of Credit was September 1, 2024. At any time prior to the Maturity Date, upon mutual written consent of the Company and the Lender, the Maturity Date could be extended for up to an additional six-month period. The advanced and unpaid principal of the Line of Credit from time to time outstanding will bear interest at a fixed rate per annum equal to 12.0% (the “Fixed Rate”). On the first day of each month, the Company will pay to the Lender interest, in arrears, on the aggregate outstanding principal indebtedness of the Line of Credit at the Fixed Rate. The entire principal indebtedness of the Line of Credit and any accrued interest thereon will be due and payable on the Maturity Date. In consideration for the Line of Credit, on March 1, 2024, the Company issued 154,320 shares of the Company’s restricted common stock (7,716 as adjusted for the Stock Split) to Lender. The fair value of the shares issued to Lender amounted to \$125,000 and has been recorded as a debt discount and will be amortized over the effective rate method. On November 12, 2024 the Company entered into Credit Extension Agreement (the “Extension”) for the agreement with the Bryan Leighton Revocable Trust dated December 13, 2023. The Extension extends the maturity date from September 1, 2024 to December 15, 2024. The Company paid an extension fee of \$8,750 dollars and issued an additional 2,500 shares of the Company’s restricted common stock as consideration for the extension. The rate of interest also increased from 12% per annum to 14% per annum retroactive to September 1, 2024.

On May 1, 2025, the Company entered into a consolidated promissory note agreement (the “Promissory Note”) with the Bryan Leighton Revocable Trust dated December 13, 2023 (the “Lender”), which supersedes and replaces the original credit agreement dated March 1, 2024, and the subsequent extension agreements dated October 21, 2024 and January 29, 2025 (collectively, the “Prior Agreements”). Under the terms of the Promissory Note, the outstanding obligations under the Prior Agreements were consolidated into a single principal amount of \$273,917.81, which includes the original principal balance of \$250,000, accrued interest of \$8,917.81 through May 1, 2025, and an additional \$15,000 agreed upon by the parties, which was recorded as interest expense. The Promissory Note bears interest at a fixed rate of 14.00% per annum and provides that accrued interest is payable monthly, in arrears, beginning June 1, 2025. The entire outstanding principal and accrued interest shall become due and payable on the earlier of (i) the completion of a capital raise by the Company in which gross proceeds equal or exceed \$4,000,000 from one or more third-party investors, or (ii) October 28, 2025 (the “Maturity Date”). The Promissory Note may be prepaid in whole or in part at any time without premium or penalty, provided all accrued and unpaid interest is paid at the time of prepayment. The Promissory Note includes customary default provisions and represents the full and complete understanding of the parties, rendering the Prior Agreements null and void.

Subsequent to September 30, 2025, the Company paid off the principal balances of the outstanding amounts to Leighton.

Arena

On August 12, 2024, the Company entered into a Securities Purchase Agreement, dated August 12, 2024 (the “Arena Purchase Agreement”) with the purchasers named therein (“Arena Investors”) related to a private placement of up to five tranches of secured convertible debentures after satisfaction of certain conditions specified in the Arena Purchase Agreement in the aggregate principal amount of \$10,277,777 (the “Arena Debentures”) together with warrants to purchase a number of shares of the Company’s common stock equal to 20% of the total principal amount of the Arena Debentures sold divided by 92.5% of the lowest daily VWAP (as defined in the Arena Purchase Agreement) and subject to a floor price of \$0.045 (\$0.90 as adjusted for the Stock Split) (subject to proportional adjustment for stock splits), for the Company’s common stock during the ten consecutive trading day period preceding the respective closing dates (the “Arena Warrants”).

The closing of the first tranche was consummated on August 12, 2024 (the “First Closing Date”) and the Company issued to the Arena Investors 10% original issue discount secured convertible debentures in the aggregate principal amount of \$1,388,889 (the “First Closing Arena Debentures”) and warrants (the “First Closing Arena Warrants”) to purchase up to and aggregate of 1,299,242 shares of the Company’s common stock (64,962 as adjusted for the Stock Split). The First Closing Arena Debentures were sold to Arena Investors for a purchase price of \$1,250,000, representing an original issue discount of ten percent (10%). In connection with the closing, the Company incurred \$175,000 of debt issuance costs. In connection with the closing of the first tranche, the Company reimbursed the Debenture Selling Stockholders \$55,000 for their legal fees and expenses. In addition, the initial fair value of the First Closing Arena Warrants, as described below, amounted to \$214,267 and has been recorded as a debt discount and will be amortized over the effective rate method.

Each First Closing Arena Debenture matures eighteen months from its date of issuance and bears interest at a rate of 10% per annum paid-in-kind (“PIK Interest”) unless there is an event of default under the applicable First Closing Arena Debenture. The PIK Interest is added to the outstanding principal amount of the applicable First Closing Arena Debenture on a monthly basis as additional principal obligations thereunder for all purposes thereof (including the accrual of interest thereon at the rates applicable to the principal amount generally). Each First Closing Arena Debenture is convertible, at the option of the holder, at any time, into such number of shares of the Company’s common stock equal to the principal amount of such First Closing Arena Debenture plus all accrued and unpaid interest at a conversion price equal to the lesser of (i) \$0.279 (\$5.58 as adjusted for the Stock Split), and (ii) 92.5% of lowest daily volume weighted average price (VWAP) of the Company’s common stock during the ten trading day period ending on such conversion date, subject to adjustment for any stock splits, stock dividends, recapitalizations and similar events, as well as anti-dilution price protection provisions, and subject to a floor price of \$0.045 (\$0.90 as adjusted for the Stock Split) (subject to proportional adjustment for stock splits).

The First Closing Arena Debentures are redeemable by the Company at a redemption price equal to 115% of the sum of the principal amount to be redeemed plus accrued interest, if any. While the First Closing Arena Debentures are outstanding, if the Company or any of its subsidiaries receives cash proceeds from the issuance of equity or indebtedness (other than the issuance of additional secured convertible debentures as contemplated by the Arena Purchase Agreement), in one or more financing transactions, whether publicly offered or privately arranged (including, without limitation, pursuant to the Arena ELOC (as defined below), the Company shall, within two (2) business days of Company’s receipt of such proceeds, inform the holder of such receipt, following which the holder shall have the right in its sole discretion to require the Company to immediately apply up to 20% of all proceeds received by the Company to repay the outstanding amounts owed under the First Closing Arena Debentures.

The First Closing Arena Warrants expire five years from its date of issuance. The First Closing Arena Warrants are exercisable, at the option of the holder, at any time, for up to 1,299,242 of shares of the Company's common stock (64,962 as adjusted for the Stock Split) at an exercise price equal to \$0.279 (\$5.58 as adjusted for the Stock Split), subject to adjustment for any stock splits, stock dividends, recapitalizations, and similar events, as well as anti-dilution price protection provisions that are subject to a floor price as set forth in the First Closing Arena Warrants. The First Closing Arena Warrants provide for cashless exercise under certain circumstances.

The Company entered into a Registration Rights Agreement, dated August 12, 2024 (the "First Closing RRA"), with the Arena Investors where the Company agreed to file with the SEC an initial registration statement within 30 days to register the maximum number of Registrable Securities (as defined in the First Closing RRA) issuable under the First Closing Arena Debentures and the First Closing Arena Warrants as shall be permitted to be included thereon in accordance with applicable SEC rules. The Company has filed a registration statement registering the securities issuable upon conversion or exercise of the First Closing Arena Debentures and First Closing Arena Warrants, in order to satisfy its obligations under the First Closing RRA, and such registration statement was declared effective by the SEC on September 30, 2024. In the event the number of shares available under such registration statement is insufficient to cover the securities issuable upon conversion or exercise of the First Closing Arena Debentures or First Closing Arena Warrants, the Company is obligated to file one or more new registration statements until such time as all securities issuable upon conversion or exercise of the First Closing Arena Debentures or First Closing Arena Warrants have been included in registration statements that have been declared effective and the prospectus contained therein is available for use by the Arena Investors.

Under the Arena Purchase Agreement, a closing of the second, third, fourth or fifth tranche together (the "Additional Tranches" may occur subject to the mutual written agreement of Arena Investors and the Company and satisfaction of the closing conditions set forth in the Arena Purchase Agreement on the later (y) the fifth trading day following the First, Second, Third or Fourth Registration Statement Effectiveness Date (or if such day is not a trading day, on the next succeeding trading day) and (z) such date as the outstanding principal balance of the prior Arena Debenture issued is less than \$100,000.00, unless the parties mutually agree in writing to consummate the second, third, fourth or fifth closing on a different date, upon which the Company would issue and sell to Arena Investors on the same terms and conditions a second, third, fourth or fifth 10% original issue discount secured convertible debentures each in the principal amount of \$2,222,222 (the "Additional Closing Arena Debentures") and a warrant (the "Additional Closing Warrants") to purchase a number of shares of the Company's common stock equal to 20% of the total principal amount of the Additional Closing Arena Debentures divided by 92.5% of the lowest daily VWAP (as defined in the Arena Purchase Agreement) and subject to a floor price of \$0.045 (\$0.90 as adjusted for the Stock Split) (subject to proportional adjustment for stock splits), for the common stock during the ten consecutive trading day period ended on the last trading day immediately preceding the closing of the additional tranches, provided the additional Closings are also contingent on the satisfaction of the following additional condition, unless waived mutually by the parties: the median daily turnover of the Company's common stock on its principal trading market for the thirty consecutive trading day period ended as of the last trading day immediately preceding the date of the proposed Closing must be greater than \$200,000.

The Additional Closing Arena Debentures would be sold to Arena Investors each for a purchase price of \$2,000,000, representing an original issue discount of ten percent (10%). In connection with each closing of the additional tranches, the Company will enter into a registration rights agreement pursuant to which the Company will agree to register the maximum number of shares of the Company's common stock issuable under the Second, Third, Fourth or Fifth Closing Debentures and the Second, Third, Fourth, or Fifth Closing Arena Warrants as shall be permitted with terms substantially similar as the terms provided in the RRA. The Company also has agreed to reimburse Arena Investors for its legal fees and expenses related to such each closing.

The Arena Purchase Agreement prohibits the Company from entering into a Variable Rate Transaction (other than the Arena ELOC described below) until such time as no Arena Debentures remain outstanding. In addition, the Arena Purchase Agreement states that neither the Company nor any subsidiary may issue, during specified time periods, any common stock or common stock equivalents, except for certain exempted issuances (i.e., stock options, employee grants, shares issuable pursuant to outstanding securities, acquisitions and strategic transactions) and the Arena ELOC.

The Company entered into a Security Agreement, dated August 12, 2024 (the “Security Agreement”), with Arena Investors where it agreed to grant Arena Investors a security interest in all of its assets to secure the prompt payment, performance and discharge in full of all of the Company’s obligations under the Arena Debentures. In addition, each of the Company’s subsidiaries entered into a Guaranty Agreement, dated August 12, 2024 (the “Subsidiary Guaranty”), with Arena Investors pursuant to which they agreed to guarantee the prompt payment, performance and discharge in full of all of the Company’s obligations under the Arena Debentures.

On October 25, 2024, the Company closed the second tranche of its private placement offering with the Arena Investors under the Arena Purchase Agreement to which the Company issued 10% convertible debentures (the “Second Closing Debentures”) in the aggregate principal amount of Two Million Two Hundred Twenty-Two Thousand Two Hundred and Twenty-Two Dollars (\$2,222,222) to the Arena Investors and warrants (the “Second Closing Warrants”) to purchase up to 170,892 shares of the Company’s common stock.

The Second Closing Debentures were sold to the Arena Investors for a purchase price of \$2,000,000, representing an original issue discount of ten percent (10%). The Second Closing Debentures mature eighteen months from their date of issuance and bears interest at a rate of 10% per annum paid-in-kind (“PIK Interest”), unless there is an event of default under the applicable Second Closing Debenture. The PIK Interest is added to the outstanding principal amount of the applicable Second Closing Debenture on a monthly basis as additional principal obligations thereunder for all purposes thereof (including the accrual of interest thereon at the rates applicable to the principal amount generally). Each Second Closing Debenture is convertible, at the option of the holder, at any time, into such number of shares of the Company’s common stock equal to the principal amount of such Second Closing Debenture plus all accrued and unpaid interest at a conversion price equal to the lesser of (i) \$3.48, and (ii) 92.5% of lowest daily volume weighted average price (VWAP) of the Company’s common stock during the ten trading day period ending on such conversion date (the “Conversion Price”), subject to adjustment for any stock splits, stock dividends, recapitalizations and similar events, as well as anti-dilution price protection provisions, and subject to a floor price of \$0.90 (subject to proportional adjustment for stock splits). Based upon the floor price, the maximum number of shares issuable upon conversion of the Second Closing Debentures is 3,268,197 shares of common stock. In connection with the closing of the second tranche, the Company reimbursed Arena Investors \$10,000 for its legal fees and expenses. In addition, the initial fair value of the Second Closing Arena Warrants, as described below, amounted to \$390,939 and has been recorded as a debt discount and will be amortized over the effective rate method.

The Second Closing Warrants expire five years from their date of issuance. The Second Closing Warrants are exercisable, at the option of the holder, at any time, for up to 170,892 shares of the Company’s common stock at an exercise price equal to \$3.476 (the “Exercise Price”), subject to adjustment for any stock splits, stock dividends, recapitalizations, and similar events, as well as anti-dilution price protection provisions. The Second Closing Warrants provide for cashless exercise under certain circumstances.

The Company entered into a Registration Rights Agreement, dated October 25, 2024 (the “Second Closing RRA”), with the Arena Investors where it agreed to file with the SEC an initial registration statement within 30 days to register the maximum number of Registrable Securities (as defined in the RRA) issuable under the Second Closing Debentures and the Second Closing Warrants as shall be permitted to be included thereon in accordance with applicable SEC rules and to use its reasonable best efforts to have the registration statement declared effective by the SEC no later than the “Second Registration Statement Effectiveness Date”, which is defined in the Arena Purchase Agreement as the 30th calendar day following the Second Closing Date (or, in the event of a “full review” by the SEC, no later than the 120th calendar day following the Second Closing Date); provided, however, that if the registration statement will not be reviewed or is no longer subject to further review and comments, the Second Registration Statement Effectiveness Date will be the fifth trading day following the date on which the Company is so notified if such date precedes the date otherwise required above.

The Amendment altered the consideration to be paid by the Company to the Equityholders in connection with the purchase of 100% of the membership interests of Resource Group. Pursuant to the Amendment, the purchase price for the membership interests of Resource Group was amended to be comprised of (i) \$480,000 in principal amount of unsecured 6% promissory notes due on the first anniversary of the closing, (ii) the issuance of shares of the Company’s restricted common stock (the “Closing Shares”) equal to 19.99% of the Company’s outstanding shares of common stock on the date the Resource Group MIPA was executed; and (iii) 1,500,000 shares of a newly designated series of non-voting Series A Convertible Preferred Stock (the “Series A Preferred Stock”) (which, subject to the approval of the Company’s stockholders and The Nasdaq Stock Market (“Nasdaq”) not objecting to the conversion and the Company continuing to meet and being eligible to meet the Nasdaq continued listing requirements after conversion), would be convertible into 9,000,000 restricted shares of the Company’s common stock). The Amendment also provides that, subject to shareholder approval, that the Company will issue an aggregate of 41,182 additional shares of Company common stock to the Equityholders upon the approval of such issuance by the Company’s stockholders at the Company’s stockholders’ meeting and provided that the Company continues to meet and is eligible to meet the Nasdaq continued listing requirements.

Peak One

On June 26, 2025, the Company entered into a Securities Purchase Agreement, dated June 26, 2025 (the “Peak Purchase Agreement”), with an institutional investor (the “Peak Investor”), pursuant to which the Company issued to the Investor a 10% convertible debenture (the “Peak Debenture”) in the principal amount of \$172,500 in a private placement offering. The Debenture was sold to the Peak Investor for a purchase price of \$155,000, representing an original issue discount of ten percent (10%). In connection with the closing of the first tranche, the Company paid \$5,000 as a non-accountable fee to the Peak Investor to cover its accounting fees, legal fees and other transactional costs and issued to the Peak Investor and its designee an aggregate total of 100,000 shares of its restricted common stock (the “Commitment Shares”) as described in the Peak Purchase Agreement.

The Peak Debenture matures twelve months from its date of issuance and bears interest at a rate of 10% per annum payable on the maturity date. The Peak Debenture is unsecured and subordinated to the outstanding 10% Original Issue Discount Secured Convertible Debentures issued to the Arena Investors (as defined below) by the Company. The Peak Debenture is convertible, at the option of the holder, at any time on or after the earlier of (i) March 23, 2026 or (ii) the date that the Arena Debentures (as defined below) are extinguished, into such number of shares of common stock of the Company equal to the principal amount of the Peak Debenture plus all accrued and unpaid interest at a conversion price equal to the closing price of the Company’s common stock on the trading day immediately preceding the conversion date, subject to adjustment for any stock splits, stock dividends, recapitalizations and similar events, as well as anti-dilution price protection provisions that are subject to a floor price of \$0.19 (the “Floor Price”).

The Peak Debenture is redeemable by the Company at a redemption price equal to 110% of the sum of the principal amount to be redeemed plus accrued interest, if any. While the Peak Debenture is outstanding, if the Company receives cash proceeds of more than \$500,000 (“Minimum Threshold”) in the aggregate from any source or series of related or unrelated sources, the Company shall, within two (2) business days of the Company’s receipt of such proceeds, inform the holder of such receipt, following which the holder shall have the right in its sole discretion to require the Company to immediately apply up to 100% of all proceeds received by the Company (from any source except with respect to proceeds from the issuance of equity or debt to officers and directors of the Company) after the Minimum Threshold is reached to repay the outstanding amounts owed under the Debenture.

The Peak Debenture contains customary events of default. If an event of default occurs, until it is cured, the Investor may increase the interest rate applicable to the Peak Debenture to the lesser of eighteen percent (18%) per annum and the maximum interest rate allowable under applicable law and accelerate the full indebtedness under the Peak Debenture, in an amount equal to 110% of the outstanding principal amount and accrued and unpaid interest. Subject to limited exceptions set forth in the Peak Debenture, the Peak Debenture prohibits the Company from entering into a Variable Rate Transaction (as defined in the Debenture) or incurring any new indebtedness that is senior to the Peak Debenture or secured by the assets of the Company until the Peak Debenture is paid in full.

The Peak Purchase Agreement provides the Peak Investor with “piggy-back” registration rights, if the Company files with the SEC a registration statement covering any of its securities, to use its reasonable efforts to effect the registration of the maximum number of Registrable Securities (as defined in the Purchase Agreement) as shall be permitted to be included thereon in accordance with applicable SEC rules.

Subsequent to September 30, 2025, the Company redeemed the Peak Debenture.

Index Equity

On August 22, 2025 the Company entered into a Promissory Note, dated August 22, 2025 (the “Index 2025 Note”) with Index Equity US, LLC (the “Lender”) for the principal amount of \$200,000. Under the terms of the Index 2025 Note the Company is required to make payments of accrued, unpaid interest and outstanding principal, subject to adjustment, in the amount of \$240,000 on or before the maturity date of October 21, 2025. However, if the Note is not fully funded, meaning the Lender has not disbursed the full \$200,000 in funding installments—the Company is obligated to repay, in lieu of the full potential funding amount, a sum equal to 120% of the total amount actually funded and disbursed by the Lender under this Index 2025 Note. The repayment obligation in the event of partial funding is calculated as the funded amount multiplied by 1.20 and shall be due and payable in full on or before the Maturity Date. At September 30, 2025, the outstanding principal amount was \$200,000.

7. Business Combination and Acquisition of Assets

On February 7, 2024, the Company, entered into a Membership Interest Purchase Agreement (“MIPA”) to acquire Majestic World Holdings LLC (“Majestic”). The MIPA provided that the aggregate consideration to be paid by the Company for the outstanding membership interests (the “Membership Interests”) of Majestic would consist of 500,000 shares of the Company’s restricted stock (20,000 as adjusted for the Stock Split) the “Stock Consideration”) and \$500,000 in cash (the “Cash Consideration”). The MIPA and a related side letter provided that the aggregate purchase price be paid as follows: (i) the Stock Consideration was issued at the closing (the “Closing”) on February 7, 2024; and (ii) 100% of the Cash Consideration was to be paid in five equal installments of \$100,000 each on the first day of each of the five quarterly periods following the Closing. In addition, pursuant to a profit sharing agreement entered into as of February 7, 2024 (the “Profit Sharing Agreement”), the Company agreed to pay the former members of Majestic a 50% share of the net profits for a period of five years that are directly derived from the technology and intellectual property utilized in the real estate focused software as a service offered and operated by Majestic and its subsidiaries. As of December 31, 2024, the Company has not incurred any amount related to the Profit Sharing Agreement. On October 30, 2024, the Company and the members of Majestic entered into an amendment to the MIPA. The amendment reduced the Cash Consideration for the purchase of Majestic from \$500,000 to \$154,675. Members receiving less than \$5,000 were paid their share of Cash Consideration by October 30, 2024. Members receiving more than \$5,000 were paid 50% of their consideration of on October 30, 2024 and the remaining 50% on December 1, 2024. However, one member was paid \$60,000 over a 12-month term in monthly installments of \$5,000. In conjunction with this acquisition, the Company incurred \$38,423 of legal fees which have been capitalized to intangible assets.

The Majestic acquisition is accounted for as an asset acquisition. The Majestic acquisition was made for the purpose of expanding the Company’s footprint into technology space.

The purchase consideration amounted to:

Cash	\$ 154,675
Equity compensation	435,000
	<u>\$ 589,675</u>

The following table summarizes the allocation of the purchase price to the assets acquired and liabilities assumed for the Majestic Acquisition:

7. Business Combination and Acquisition of Assets (cont.)

As of May 7, 2024, the Company entered into an Asset Purchase Agreement (the “APA”) with Dr. Axely Congress to purchase all of the assets related to the A.I technology known as My Virtual Online Intelligent Assistant (“MyVONIA”). MyVONIA, an advanced artificial intelligence (AI) assistant which utilizes machine learning and natural language processing algorithms to provide users with human-like conversational interactions, tailored to their specific needs. MyVONIA does not require an app, or website but is accessible to subscribers via text messaging.

On June 6, 2024, the Company completed the acquisition of all of the assets related to MyVONIA pursuant to the APA. The purchase price for MyVONIA is up to 500,000 shares of the Company’s common stock (25,000 as adjusted for the Stock Split). Of such shares, 200,000 shares of common stock (10,000 as adjusted for the Stock Split) were issued at the closing on June 6, 2024, with an additional 300,000 shares of common stock (15,000 as adjusted for the Stock Split) issuable upon the achievement of certain benchmarks. The additional consideration will be paid at each of the following events: 100,000 shares of common stock (5,000 as adjusted for the Stock Split) at 2,500 Qualified Users, 100,000 shares of common stock (5,000 as adjusted for the Stock Split) at 5,000 Qualified Users and 100,000 shares of common stock (5,000 as adjusted for the Stock Split) at 10,000 Qualified Users. The purchase of MyVONIA was determined to be an acquisition of assets, of which intangible assets were acquired. The fair value of the purchase amounted to \$103,800 which resulted from the 200,000 shares of common stock issued (10,000 as adjusted for the Stock Split). As of the date of acquisition and September 30, 2025, the issuance of the contingent shares was not probable and thus not recorded. In conjunction with this acquisition, the Company incurred \$35,439 of legal fees which have been capitalized to intangible assets.

The purchase consideration amounted to:

Equity compensation	\$ 103,800

On June 2, 2025, the Company completed the acquisition of Resource Group. Pursuant to the Amendment, the purchase price for the membership interests of Resource Group was amended to be comprised of (i) \$480,000 in principal amount of unsecured 6% promissory notes due on the first anniversary of the closing, (ii) the issuance of shares of the Company’s restricted common stock (the “Closing Shares”) equal to 19.99% of the Company’s outstanding shares of common stock on the date the Resource Group MIPAw was executed, which amounted to 376,818 shares of common stock; and (iii) 1,500,000 shares of a newly designated series of non-voting Series A Convertible Preferred Stock (which, subject to the approval of the Company’s stockholders and The Nasdaq Stock Market (“Nasdaq”) not objecting to the conversion and the Company continuing to meet and being eligible to meet the Nasdaq continued listing requirements after conversion), would be convertible into 9,000,000 restricted shares of the Company’s common stock). In accordance with ASC 805, the Resource Group acquisition is accounted for as a business combination. The Resource Group acquisition was made for the purpose of primarily shifting the Company’s future business. The integration of Resource Group is expected to enhance the Company’s revenue profile, diversify its operations, and provide a scalable platform for expansion into additional engineered soil, logistics, and environmental service markets. Management believes this strategic alignment will allow the Company to capture synergies across its operational segments while creating long-term shareholder value. While Resource Group is expected to serve as the Company’s primary operational focus going forward, the Company will also continue to optimize and operate its legacy real estate assets and joint venture interests. In connection with this dual-track strategy, the Company is evaluating the most efficient path to manage its property portfolio while supporting the growth and operational scale of Resource Group.

The purchase consideration amounted to:

Note payable	\$ 480,000
Equity compensation	9,092,182
	<u>\$ 9,572,182</u>

The total equity compensation was valued as follows: common stock at the closing price upon acquisition which amounted to \$452,182, and the preferred stock at a value of \$8,640,000 which was calculated at the estimated conversion price of the common stock with a related discount.

8. Net Loss Per Share

Basic net loss per share is computed by dividing the net loss for the period by the weighted average number of common shares outstanding during the period. Diluted net loss per share is computed by dividing the net loss for the period by the weighted average number of common and potentially dilutive common shares outstanding during the period. Potentially dilutive common shares consist of the common shares issuable upon the exercise of stock options and warrants. Potentially dilutive common shares are excluded from the calculation if their effect is antidilutive.

At September 30, 2025, there were 1,256,848 warrants outstanding that could potentially dilute future net loss per share.

16. Subsequent Events

On October 16, 2025, the Company entered into a securities purchase agreement (the “October Purchase Agreement”) with institutional investors (the “October Purchasers”) for the issuance and sale in a private placement transaction (the “October Private Placement”) of 360,000 shares of a newly designated series of Series B Non-Voting Convertible Preferred Stock (the “Preferred Stock”) convertible at an initial conversion price of \$1.36 per share into 6,617,647 shares of common stock (the “Conversion Shares”) and common warrants (the “Warrants”) to purchase up to 6,617,647 shares of common stock (the “Warrant Shares”) exercisable at an initial exercise price of \$1.36 per share, subject, among other things, to adjustment, shareholder approval and certain beneficial ownership limitations set by each holder, for a combined purchase price of \$25.00 for each share of Preferred Stock and accompanying Warrant, which pricing was designed to be in accordance with the “Minimum Price” requirement as defined in the Nasdaq rules. The Private Placement closed on October 17, 2025 (the “Closing Date”). The net proceeds to the Company from the Private Placement were approximately \$8.175 million, after deducting placement agent fees and the payment of other offering expenses associated with the offering that were payable by the Company.

Charter Amendments Filed in October 2025

On October 16, 2025, the Company filed with the Secretary of State of Delaware (i) a Certificate of Designation establishing the rights and preferences of its Series B Non-Voting Convertible Preferred Stock and (ii) a Certificate of Amendment to its Amended and Restated Certificate of Incorporation increasing the Company’s authorized common shares from 100,000,000 to 500,000,000. These actions were related to the private placement of Series B Preferred Stock completed on October 17, 2025.

Notes Payable

Subsequent to September 30, 2025, the Company paid off the principal balances of the BCV Loan Agreement, Peak Note, Leighton and Dollinger Bridge.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

As used in this Quarterly Report on Form 10-Q, unless the context requires otherwise, references to the “Company,” “SG DevCo,” “we,” “us,” and “our” refer to Safe and Green Development Corporation and its subsidiaries. The following discussion and analysis of the financial condition and results of our operations should be read in conjunction with our unaudited condensed consolidated financial statements and related notes and schedules included elsewhere in this Quarterly Report on Form 10-Q and with our audited consolidated financial statements for the year ended December 31, 2024 and 2023 and the accompanying notes, which are included in our Annual Report for the year ended December 31, 2024 filed with the Securities and Exchange Commission on March 31, 2025 (the “2024 10-K”). This discussion, particularly information with respect to our future operations, includes forward-looking statements that involve risks and uncertainties as described under the heading “Special Note Regarding Forward-Looking Statements” in this Quarterly Report on Form 10-Q. You should review the disclosure under the heading “Risk Factors” in this Quarterly Report on Form 10-Q and the 2024 10-K for a discussion for important factors that could cause our actual results to differ materially from those anticipated in these forward-looking statements.

Special Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those discussed in the forward-looking statements. The statements contained in this report that are not purely historical are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Statements contained in this Quarterly Report on Form 10-Q may use forward-looking terminology, such as “anticipates,” “believes,” “could,” “would,” “estimates,” “may,” “might,” “plan,” “expect,” “intend,” “should,” “will,” or other variations on these terms or their negatives. All statements other than statements of historical facts are statements that could potentially be forward-looking. We caution that forward-looking statements involve risks and uncertainties, and actual results could differ materially from those expressed or implied in these forward-looking statements or could affect the extent to which a particular objective, projection, estimate or prediction is realized.

Forward-looking statements are subject to risks and uncertainties. Actual results could differ materially from those expressed in or implied by such forward-looking statements due to a variety of factors, including:

- Our limited operating history makes it difficult for us to evaluate our future business prospects.
- Our auditors have expressed substantial doubt about our ability to continue as a going concern.
- Our financial condition and results of operations could be negatively affected if we fail to grow or fail to manage our growth or investments effectively.
- The long-term sustainability of our operations as well as future growth depends in part upon our ability to acquire land parcels suitable for residential projects at reasonable prices.
- We operate in a highly competitive market for investment opportunities, and we may be unable to identify and complete acquisitions of real property assets.
- Our property portfolio has a high concentration of properties located in certain states.

- There can be no assurance that the properties in our development pipeline will be completed in accordance with the anticipated timing or cost.
- Our insurance coverage on our properties may be inadequate to cover any losses we may incur and our insurance costs may increase.
- Our operating results may be negatively affected by potential development and construction delays and resultant increased costs and risks.
- We rely on third-party suppliers and long supply chains, and if we fail to identify and develop relationships with a sufficient number of qualified suppliers, or if there is a significant interruption in our supply chains, our ability to timely and efficiently access raw materials that meet our standards for quality could be adversely affected.
- Previously undetected environmentally hazardous conditions may adversely affect our business.
- Legislative, regulatory, accounting or tax rules, and any changes to them or actions brought to enforce them, could adversely affect us.
- If we were deemed to be an investment company, applicable restrictions could make it impractical for us to continue our business as contemplated and could have an adverse effect on our business.
- Our industry is cyclical and adverse changes in general and local economic conditions could reduce the demand for housing and, as a result, could have a material adverse effect on us.
- Fluctuations in real estate values may require us to write-down the book value of our real estate assets.
- We could be impacted by our investments through joint ventures, which involve risks not present in investments in which we are the sole owner.
- We may not be able to sell our real property assets when we desire.
- Access to financing sources may not be available on favorable terms, or at all, which could adversely affect our ability to maximize our returns.
- Future outbreaks of any highly infectious or contagious diseases, could materially and adversely impact our performance, financial condition, results of operations and cash flows.
- We currently do not intend to pay dividends on our common stock. Consequently, our stockholders' ability to achieve a return on their investment will depend on appreciation in the price of our common stock.
- We may issue shares of preferred or common stock in the future, which could dilute your percentage ownership of the company.
- If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about our business, our stock price and trading volume could decline

- Provisions in our corporate charter documents and under Delaware law could make an acquisition of our company more difficult and may prevent attempts by our stockholders to replace or remove our management.
- If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about our business, our stock price and trading volume could decline
- Our failure to comply with continued listing requirements of Nasdaq.
- Risks relating to ownership of our common stock, including high volatility and dilution.
- Our ability to successfully integrate Resource Group's operations, personnel, and systems into our existing business structure while preserving customer relationships and operational efficiency.
- The demand for engineered soils, mulch, compost, and other organic recycling products, and the impact of fluctuations in construction activity, landscaping demand, or public infrastructure spending on such demand.
- Operational risks inherent in Resource Group's business, including equipment breakdowns, fuel price volatility, and disruptions to transportation and logistics networks.
- Our ability to secure, maintain, and renew permits, licenses, and other regulatory approvals required for Resource Group's operations, and to comply with evolving environmental, health, and safety laws and regulations.
- The availability and cost of sourcing, processing, and transporting green waste feedstock, and the risk of supply interruptions or quality inconsistencies.
- Competitive pressures in both the engineered soils and real estate markets, including from larger, better-capitalized companies with greater resources.
- Potential liabilities related to environmental remediation or contamination at current or former operating sites.
- Our ability to monetize or otherwise generate value from legacy real estate holdings while focusing on the growth of Resource Group.
- The effect of adverse weather conditions, natural disasters, or climate-related events on our operations, supply chain, or customer demand.
- Risks related to our liquidity position, capital needs, and access to financing, particularly in light of our current debt obligations and going concern considerations.
- The potential for changes in government policies, infrastructure funding, environmental initiatives, or economic conditions to materially affect our business strategies or results.
- The possibility that we may explore or consummate strategic transactions, , and the risks associated with evaluating, negotiating, or completing such transactions.

The risks and uncertainties included here are not exhaustive or necessarily in order of importance. Other sections of this report and other reports we file with the SEC include additional factors that could affect our business and financial performance, including discussed in “Part II – Item 1A. Risk Factors” to this Quarterly Report on Form 10-Q as well as the Risk Factors set forth in our 2024 10-K and subsequent SEC filings. New risk factors emerge from time to time, and it is not possible for management to predict all such risk factors.

In addition, certain information presented below is based on unaudited financial information. There can be no assurance that there will be no changes to this information once audited financial information is available. As a result, readers are cautioned not to place undue reliance on forward-looking statements. Forward-looking statements speak only as of the date of this report. We will not undertake to update any forward-looking statement herein or that may be made from time to time on behalf of us.

Overview

Safe and Green Development Corporation is a Delaware corporation, originally formed in 2021 under the name SGB Development Corp., to engage in real property development using purpose-built, prefabricated modules constructed from both wood and steel. From our inception through 2023, our operations primarily focused on the acquisition, entitlement, and development of residential properties in high-growth markets across the United States. These efforts included the direct acquisition of land, strategic investments in real estate entities, and joint venture partnerships targeting green, single-family and multifamily housing projects.

In 2023 and early 2024, we expanded our strategy by investing in real estate-related artificial intelligence (“AI”) technologies and entering into additional joint ventures in the Southern Texas market aimed at developing sustainable single-family housing. We also announced plans to monetize its real estate holdings by selling properties where third-party appraisals indicated meaningful value appreciation, with proceeds to be reinvested into its operations or used to fund project-level or corporate activities.

In June 2025, we completed our acquisition of Resource Group US Holdings LLC (“Resource Group”), which marked a significant strategic shift in our core business. Resource Group, through its subsidiaries, is a vertically integrated, full-service operator in the engineered soils and organic recycling industry. Its operations center on the transformation of targeted organic green waste materials into environmentally friendly soil and mulch products. Resource Group also provides comprehensive green waste logistics and collection services through its owned fleet of high-capacity transportation equipment.

While Resource Group is expected to serve as our primary operational focus going forward, we also currently intend to continue to optimize and operate our legacy real estate assets and joint venture interests. In connection with this dual-track strategy, we are evaluating the most efficient path to manage our property portfolio while supporting the growth and operational scale of Resource Group.

Recent Developments.

July 2025 Equity Offering and Related Agreements

On July 29, 2025, we entered into a Securities Purchase Agreement with two investors (the “July 2025 Purchase Agreement”) pursuant to which it sold 309,691 shares of common stock at \$0.9094 per share, together with pre-funded warrants exercisable for 173,681 shares of common stock at an exercise price of \$0.0001 per share, and five-year warrants to purchase 483,372 shares of common stock at \$0.9094 per share. The warrants were sold at \$0.125 per warrant, resulting in aggregate gross proceeds of approximately \$560,422. Dawson James Securities, Inc. acted as financial adviser in connection with the offering and received 150,000 restricted shares of common stock and a \$20,000 expense reimbursement.

The July 2025 Purchase Agreement provided the investors with a 75-day right of first refusal to participate in any proposed sale of our equity or debt securities, subject to certain exceptions, and prohibited us during that period from entering into any transaction that could interfere with or substitute for a proposed \$100 million private-placement financing (the “Treasury Opportunity”) to establish a cryptocurrency treasury reserve. The investors were required to present such an opportunity within three business days of signing, with Dawson James Securities, Inc. serving as exclusive placement agent. The agreement further established specific milestones for presenting, documenting, and consummating a Treasury Opportunity; if those milestones were not met (a “Treasury Opportunity Failure”), the investors’ right of first refusal and related restrictions expired.

Concurrently, we entered into a consulting agreement with Bill Panagiotakopoulos, appointing him as executive consultant at an annual salary of \$200,000 to assist in pursuing the Treasury Opportunity. The consulting agreement provided for automatic resignation upon the occurrence of a Treasury Opportunity Failure or if certain representations were found to be materially inaccurate. If a Treasury Opportunity were successfully consummated, Mr. Panagiotakopoulos would become Chief Executive Officer at a \$200,000 annual salary and receive a restricted-stock award for 300,000 shares under the Company’s 2023 Incentive Compensation Plan, vesting 50% upon issuance and the remainder quarterly over eighteen months, subject to an amendment to increase the number of shares available under the plan.

The July 2025 Purchase Agreement also contemplated that, following the completion of a Treasury Opportunity, we would seek, with the consent of Resource Group US Holdings LLC and its former equityholders, to unwind the transactions effected by the Membership Interest Purchase Agreement dated February 25, 2025 (as amended June 2, 2025), including cancellation of 1.5 million shares of non-voting Series A Convertible Preferred Stock previously issued to the Resource Group equityholders.

In connection with the July 2025 Purchase Agreement, we entered into a forbearance agreement with the assignees of the Arena Debentures, under which the assignees agreed to forbear from exercising rights or remedies relating to certain defaults until sixty-one days after any Treasury Opportunity Failure. We retained a sixty-day period following any such failure to redeem or arrange the purchase of the outstanding Arena Debentures at 115% of principal. Unless and until a Treasury Opportunity Failure occurred, we were restricted from redeeming or arranging the purchase of the Arena Debentures.

The use of proceeds from the July 2025 Purchase Agreement was designated as follows: \$100,000 to reimburse deferred expenses incurred by the Company’s Chief Executive Officer, \$200,000 to pay outstanding legal fees, and the remaining proceeds for working-capital purposes, subject to Mr. Panagiotakopoulos’s reasonable consent.

Additionally, effective July 29, 2025, we entered into a waiver and consent with Arena Business Solutions Global SPC II, LTD, which waived certain rights under existing agreements to permit the offering pursuant to the July 2025 Purchase Agreement. In consideration for the waiver and consent, we issued a five-year pre-funded warrant exercisable for 100,000 shares of common stock at a nominal exercise price of \$0.0001 per share.

August 2025 Expiration of Right of First Refusal and Termination of Consulting Agreement

On August 26, 2025, we provided written notice to the investors under the July 2025 Purchase Agreement that their right of first refusal to participate in any proposed sale of equity or debt securities had expired in accordance with its terms. The expiration occurred because the investors did not present a qualifying \$100 million private placement financing (the “Treasury Opportunity”) within three business days of signing, no related letter of intent was received or executed, and no such transaction was consummated within the applicable 30-day period.

As a result of the Treasury Opportunity failure, the consulting agreement between the Company and Bill Panagiotakopoulos, dated July 29, 2025, terminated pursuant to its terms, and Mr. Panagiotakopoulos’ resignation as our consultant became effective.

October 2025 Private Placement

On October 16, 2025, we entered into a securities purchase agreement (the “October Purchase Agreement”) with institutional investors (the “October Purchasers”) for the issuance and sale in a private placement transaction (the “October Private Placement”) of 360,000 shares of a newly designated series of Series B Non-Voting Convertible Preferred Stock (the “Series B Preferred Stock”) convertible at an initial conversion price of \$1.36 per share into 6,617,647 shares of common stock (the “Conversion Shares”) and common warrants (the “October Warrants”) to purchase up to 6,617,647 shares of common stock (the “October Warrant Shares”) exercisable at an initial exercise price of \$1.36 per share, subject, among other things, to adjustment, shareholder approval and certain beneficial ownership limitations set by each holder, for a combined purchase price of \$25.00 for each share of Series B Preferred Stock and accompanying October Warrant, which pricing was designed to be in accordance with the “Minimum Price” requirement as defined in the Nasdaq rules. The Private Placement closed on October 17, 2025 (the “Closing Date”). The net proceeds to us from the Private Placement were approximately \$8.175 million, after deducting placement agent fees and the payment of other offering expenses associated with the offering that were payable by the Company.

Other income	48,569	--
Net loss	<u>\$ (4,350,321)</u>	<u>\$ (2,342,002)</u>

Sales

During the three months ended September 30, 2025, we generated revenues of \$3,515,708 primarily from the sale of materials, including compost, engineered soils, and mulch, as well as from the collection, processing, and disposal of organic and construction-related waste. For the three months ended September 30, 2024 we generated revenues from commissions on residential real estate purchases and sale transactions amounting to \$81,210. This increase of \$3,434,498 resulted from the June 2025 acquisition of Resource Group and additional sales resulting from the newly acquired companies.

Payroll and Related Expenses

Payroll and related expenses for the three months ended September 30, 2025 were \$1,038,146 compared to \$521,305 for the three months ended September 30, 2024. This increase of \$516,841 in expenses resulted primarily from increased payroll as a result of the June 2025 Resource Group acquisition.

Marketing and Business Development Expenses

Marketing and business development expenses for three months ended September 30, 2025 were \$166,666 compared to \$172,220 for the three months ended September 30, 2024.

General And Administrative Expenses

General and administrative expenses for three months ended September 30, 2025 were \$2,036,116 compared to \$778,448 for the three months ended September 30, 2024. This increase of \$1,257,668 resulted primarily from the increased cost of professional fees in relation of being a public company, as well as an increase in professional fees from various activities and impairment of our intangible assets.

Interest Expense

During the three months ended September 30, 2025 and 2024, we incurred \$2,004,260 and \$951,239 of interest expense. This increase of \$1,053,021 resulted from an increase in the balance of our notes payable.

Interest Income

During the three months ended September 30, 2025 and 2024, we removed \$62,325 and \$0 of interest income. This decrease of \$62,294 due to the reversal of accrued interest on loans due to uncertainty of collectability during the three months ended September 30, 2025.

Sales

During the nine months ended September 30, 2025, we generated revenues of \$4,936,388 primarily from the sale of materials, including compost, engineered soils, and mulch, as well as from the collection, processing, and disposal of organic and construction-related waste. Revenues also included proceeds from converting a portion of collected waste into saleable materials. For the nine months ended September 30, 2024 we generated revenues from commissions on residential real estate purchases and sale transactions amounting to \$173,188. This increase of \$4,763,200 resulted from the acquisition of Resource Group during the nine months ended September 30, 2025.

Payroll and Related Expenses

Payroll and related expenses for the nine months ended September 30, 2025 were \$2,175,571 compared to \$3,133,037 for the nine ended September 30, 2024. This decrease of \$957,466 in expenses resulted primarily from the recognition of vesting of restricted stock units during the nine months ended September 30, 2024.

Marketing and Business Development Expenses

Marketing and business development expenses for nine months ended September 30, 2025 were \$407,105 compared to \$374,031 for the nine months ended September 30, 2024. This increase of \$33,074 in expenses resulted primarily from increased spend in marketing activities during 2025.

General And Administrative Expenses

General and administrative expenses for nine months ended September 30, 2025 were \$4,382,785 compared to \$1,461,531 for the nine months ended September 30, 2024. This increase of \$2,921,254 resulted primarily from an increase in professional fees from various activities, impairment of our intangible asset, and additional expenses from the acquisition of Resource Group now being recognized.

Bad Debt Expense

Bad debt expense for the nine months ended September 30, 2025 was \$3,025,000 compared to \$0 for the nine months ended September 30, 2024. This increase of \$3,025,000 resulted directly from the uncertainty of collectability of the Cumberland note receivable.

Interest Expense

During the nine months ended September 30, 2025 and 2024, we incurred \$3,789,105 and \$2,583,053 of interest expense. This increase of \$1,206,052 resulted from an increase in the balance of our notes payable.

Interest Income

During the nine months ended September 30, 2025 and 2024, interest income decreased by \$14,653 and \$0 of interest income. This decrease is due to the reversal of accrued interest on loans due to uncertainty of collectability of the Cumberland note (?) for the nine months ended September 30, 2025.

Income Tax Provision

A 100% valuation allowance was provided against the deferred tax asset consisting of available net operating loss carry forwards and, accordingly, no income tax benefit was provided.

Liquidity and Capital Resources

We have generated limited revenue and have incurred significant net losses in each year since inception. For the nine months ended September 30, 2025, we incurred a net loss of \$12,266,134 as compared to a net loss of \$7,378,464 for the nine months ended September 30, 2024. We expect to incur increasing losses in the future. As of September 30, 2025 and December 31, 2024, we had cash of \$233,037 and \$296,202, respectively. Prior to us becoming a public company, our operations were primarily being funded through advances from Safe & Green Holdings Corp. ("SG Holdings"), and we were largely dependent upon SG Holdings for funding. Since becoming a public company, we have funded our operations through bridge note financing, project level financing, and the issuance of our equity and debt securities. See Part I, Item 1. Financial Statements; Note 6— Notes Payable and Notes Payable— Related Party. We intend to continue to finance our operations and finance Resource Group's expansion from the proceeds of future financings, and/or sale proceeds from properties that are sold, and future revenues. Additional financing will be required to continue operations, which may not be available at acceptable terms, if at all. There is no guarantee we will be successful in raising capital outside of our current sources. In addition, under the October Purchase Agreement, we are subject to certain restrictive covenants that may make it difficult for us to procure additional financing. See "Part II, Item 1A. Risk Factors" Our current cash is anticipated to be sufficient to fund operations through February 2026. We expect that we will need additional future financing which may not be available on acceptable terms, if at all. These and other factors raise substantial doubt about our ability to continue as a going concern.

Cash Flow Summary

	For the Nine Months Ended September 30, 2025	For the Nine Months Ended September 30, 2024
Net cash provided by (used in):		
Operating activities	\$ (188,060)	\$ (1,545,078)
Investing activities	307,763	(240,551)

Operating activities used net cash of \$188,060 during the nine months ended September 30, 2025, and used cash of \$1,545,078 during the nine months ended September 30, 2024. Cash used in operating activities decreased by \$1,733,138 due to an increase of net loss of \$4,887,670, increase depreciation of \$575,094, increase in amortization of \$62,510, decrease in amortization of debt issuance cost of \$55,334, increase in amortization of right of use of \$15,384, decrease in stock based compensation of \$1,813,160, common stock for services of \$197,871, common stock for debt and warrant issuance of \$801,088, increase of impairment of \$965,812, increase in bad debt expense of \$3,025,000, increase in due to affiliates of \$1,044,854, decrease in lease liabilities of \$15,298 increase change in prepaid assets and other current assets of \$61,311, an increase in change in accounts payable of \$3,169,968, and increase of \$237,505 from discontinued operations.

Investing activities provided net cash of \$307,763 during the nine months ended September 30, 2025, and used \$240,551 net cash during the nine months ended September 30, 2024, which is an increase in cash used of \$548,314. This change results from, a decrease of CIP materials of \$176,565, an increase of cash acquired from a business combination of \$1,082, decrease in intangible assets of \$203,063, decrease in the purchase of computers and software of \$1,002, an increase in project pre-development costs of 35,850, increase of \$309,557 from acquisition, \$1,500 from JV, and increase of \$177,989 from discontinued operations..

Cash used from financing activities was 114,434 during the nine months ended September 30, 2025, which resulted from \$361,477 debt issuance costs paid, increased by \$1,756,892 proceeds from short-term note payable, \$2,276,653 in repayments of short-term notes payable, \$62,032 payments on finance lease, \$58 from payment related to stock splits, increase of \$602,835 from issuance of stock and \$233,414 from warrant exercises. Cash provided from financing activities was \$1,796,100 during the nine months ended September 30, 2024, which resulted from \$1,509,852 debt issuance costs paid, increased by \$3,081,489 proceeds from short-term note payable, decreased by \$526,256 principal payments made and \$750,719 from issuance of common stock.

Off-Balance Sheet Arrangements

As of September 30, 2025 and December 31, 2024, we had no material off-balance sheet arrangements to which we are a party.

Critical Accounting Estimates

Our financial statements have been prepared using generally accepted accounting principles in the United States of America ("GAAP"). In connection with the preparation of the financial statements, we are required to make assumptions and estimates and apply judgments that affect the reported amounts of assets, liabilities, revenue, and expenses, and the related disclosures. We base our assumptions, estimates, and judgments on historical experience, current trends, and other factors that we believe to be relevant at the time the financial statements are prepared. On a regular basis, we review the accounting policies, assumptions, estimates, and judgments to ensure that our financial statements are presented fairly and in accordance with GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such differences could be material.

Our significant accounting policies are described in Note 2 to the Consolidated Financial Statements in the Annual Report on Form 10-K for the year ended December 31, 2024 (2024 Annual Report on Form 10-K). The accounting policies we used in preparing these financial statements are substantially consistent with those we applied in our 2024 Annual Report on Form 10-K.

Our critical accounting estimates are described in Management's Discussion and Analysis included in the 2024 Annual Report on Form 10-K.

JOBS Act

The JOBS Act permits an emerging growth company such as us to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies until those standards would otherwise apply to private companies. We have elected to avail ourselves of the extended transition period for complying with new or revised financial accounting standards.

We will remain an emerging growth company until the earliest of (i) the last day of the fiscal year (a) following the fifth anniversary of the date of the first sale of our common stock pursuant to an effective registration statement under the Securities Act, (b) in which we have total annual revenue of at least \$1.235 billion, or (c) in which we are deemed to be a large accelerated filer, which generally means the market value of our common equity that is held by non-affiliates exceeds \$700 million as of the end of the prior fiscal year's second fiscal quarter; and (2) the date on which we have issued more than \$1 billion in non-convertible debt securities during the prior three-year period.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

ITEM 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures designed to provide reasonable assurance that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosures.

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, conducted an evaluation, as of the end of the period covered by this report, of the effectiveness of our disclosure controls and procedures, as such term is defined in Exchange Act Rule 13a-15(e). Based on this evaluation, our Chief Executive Officer and our Chief Financial Officer have concluded that as of the end of the period covered by this report, our disclosure controls and procedures, as defined in Rule 13a-15(e), were effective at the reasonable assurance level.

Remediation of a Material Weakness in Internal Control over Financial Reporting

As disclosed in Item 4A, *Controls and Procedures* of our Quarterly Report on Form 10-Q for the quarter ended June 30, 2025, our management identified a material weakness in our controls relating to the ineffective design of certain management review controls across a portion of the Company's financial statements. Specifically, the controls related to the review of internal and externally prepared reports and analysis utilized in the financial reporting process of outside consultants that aid in the preparation of our financial statements.

During the third quarter of 2025, we completed the remediation of the previously identified material weakness in internal control over financial reporting. Remediation was achieved by expanding our finance function through the engagement of additional consulting personnel, bringing the team to seven professionals, including a partner, director, controller, and senior accountants. We also enhanced our internal review procedures by implementing improved documentation, multi-level review steps, and more structured period-end close processes.

Changes in Internal Control over Financial Reporting

During the quarter ended September 30, 2025, the Company has remediated its prior material weakness. Except as noted, there was no change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act), that occurred during the quarter ended September 30, 2025 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

Our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls or our internal control over financial reporting will prevent or detect all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Projections of any evaluation of controls effectiveness to future periods are subject to risks. Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures.

PART II. OTHER INFORMATION

ITEM 1. Legal Proceedings

The information included in “Note 13 - Commitments and Contingencies” of our condensed consolidated financial statements included elsewhere in this Quarterly Report Form 10-Q is incorporated by reference into this Item.

ITEM 1A. Risk Factors

Except as set forth below, there have been no material changes in our risk factors from the risks previously reported in Part 1, Item 1A, “Risk Factors” of our 2024 10-K. You should carefully consider the factors discussed in Form 10-K, which could materially affect our business, financial condition or future results. The risks described in our Form 10-K are not the only risks we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. We may disclose changes to such factors or disclose additional factors from time to time in our future filings with the SEC.

Our auditors have expressed substantial doubt about our ability to continue as a going concern.

We have generated limited revenue and have incurred significant net losses in each year since inception. For the nine months ended September 30, 2025, we incurred a net loss of \$12,266,134 as compared to a net loss of \$7,378,464 for the nine months ended September 30, 2024. We expect to incur increasing losses in the future. We cannot offer any assurance as to our future financial results. Our inability to achieve profitability from our current operating plans or to raise capital to cover any potential shortfall would have a material adverse effect on our ability to meet our obligations as they become due. If we are not able to secure additional funding, if, and when needed, we would be forced to curtail our operations or take other action in order to continue to operate. These and other factors raise substantial doubt about our ability to continue as a going concern. If we are unable to meet our obligations and are forced to curtail or cease our business operations, our stockholders could suffer a complete loss of any investment made in our securities.

We will need to raise additional capital to support our long-term business plans and our failure to obtain funding when needed may force us to delay, reduce or eliminate our development plans.

During the nine months ended September 30, 2025, our operating activities used net cash of \$188,060, and as of September 30, 2025, our cash was \$233,037. We have experienced significant losses since inception and have a significant accumulated deficit as of September 30, 2025 totaling \$28,305,156. We expect to incur additional operating losses in the future and therefore expect our cumulative losses to increase. We do not derive substantial revenue from the properties we own or have an interest in. We expect to potentially generate revenue through our strategy of strategically monetizing the land parcels and joint venture partnerships by selling them in the next years, as well as additional revenues being generated from the acquisition of Resource Group. We do not expect to generate revenue from our AI for years. The payoff of the St. Mary’s note is subject to conditions and there can be no assurance that the sale will be consummated or if consummated that the borrowers will fulfill their obligations under the note. We expect our expenses to increase as a result of our closing the acquisition of Resource Group.

We will need to raise additional capital to fund our business expansion plans and if we cannot be certain that funding will be available to us on acceptable terms on a timely basis, or at all. To meet our financing needs, we are considering multiple alternatives, including, but not limited to, additional equity and debt financings. Our ability to raise capital through the sale of securities may be limited by our number of authorized shares of common stock and various rules of the SEC and Nasdaq that place limits on the number and dollar amount of securities that we may sell and by the terms of the Securities Purchase Agreement dated October 10th, 2025. Any additional sources of financing will likely involve the issuance of our equity or debt securities, which will have a dilutive effect on our stockholders, assuming we are able to sufficiently increase our authorized number of shares of common stock. To the extent that we raise additional funds by issuing equity securities, our stockholders may experience significant dilution. Any debt financing, if available, may involve restrictive covenants that may impact our ability to conduct our business. Although in October 2025 we raised approximately \$9,000,000 in a Private Placement from certain investors, we may still need to raise additional capital to expand our business and complete our strategic initiatives. If we fail to raise additional funds on acceptable terms, we may be unable to complete our business expansion.

We previously identified a material weakness in our internal control over financial reporting and we may, in the future, identify additional material weaknesses or otherwise fail to maintain an effective system of internal control over financial reporting or adequate disclosure controls and procedures, which may result in material errors in our financial statements or cause us to fail to meet our period reporting obligations.

Management and our Audit Committee, in consultation with M&K CPAS PLLC (“M&K”), our independent registered public accounting firm, determined that there was a material weaknesses in our internal controls as of June 30, 2025 which was remediated as of September 30, 2025. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of a company’s annual or interim financial statements will not be prevented or detected on a timely basis. The material weakness in our case related to the ineffective design of certain management review controls across a portion of the Company’s financial statements. Specifically, the controls related to the review of internal and externally prepared reports and analysis utilized in the financial reporting process of outside consultants that aid in the preparation of our financial statements. In order to remediate these material weaknesses, we added more external consultants to assist in the preparation of our financial statements, and assist in the expansion of our accounting and finance department as a result of our recent acquisition.

Pursuant to Section 404 of the Sarbanes-Oxley Act of 2002, as amended, our management is required to report on the effectiveness of our internal control over financial reporting. The rules governing the standards that must be met for management to assess our internal control over financial reporting are complex and require significant documentation, testing and possible remediation. Annually, we perform activities that include reviewing, documenting and testing our internal control over financial reporting. In addition, if we fail to maintain the adequacy of our internal control over financial reporting, we will not be able to conclude on an ongoing basis that we have effective internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002. If we fail to achieve and maintain an effective internal control environment, we could suffer misstatements in our financial statements and fail to meet our reporting obligations, which would likely cause investors to lose confidence in our reported financial information. This could result in significant expenses to remediate any internal control deficiencies and lead to a decline in our stock price.

We cannot provide assurance that we have identified all, or that we will not in the future have additional, material weaknesses in our internal control over financial reporting. As a result, we may be required to implement further remedial measures and to design enhanced processes and controls to address deficiencies. If we do not effectively remediate the material weaknesses identified by management and maintain adequate internal controls over financial reporting in the future, we may not be able to prepare reliable financial reports and comply with our reporting obligations under the Exchange Act on a timely basis. Any such delays in the preparation of financial reports and the filing of our periodic reports may result in a loss of public confidence in the reliability of our financial statements, which, in turn, could materially adversely affect our business, the market value of our common stock and our access to capital markets.

A shutdown of the U.S. federal government may adversely affect our business.

A recurring shutdown of the U.S. federal government may adversely affect our business operations. During such shutdowns, while the SEC’s EDGAR system remains operational, the unavailability of the SEC staff to review filings, issue and resolve comments, or declare registration statements effective may delay our ability to complete public offerings and obtain timely regulatory approvals. These delays could impact our access to capital markets, hinder strategic transactions, and create uncertainty around our disclosure obligations. Additionally, the lack of interpretive guidance or exemptive relief during a shutdown may increase legal and compliance risks. There can be no assurance that future shutdowns will not materially affect our operations or financial condition.

Holders of our Series B Preferred Stock are entitled to certain payments under the Certificate of Designation of Preferences, Rights and Limitations of Series B Preferred Stock (the “Series B Certificate of Designation”) that may be paid in cash or in shares of Common Stock depending on the circumstances. If we make these payments in cash, it may require the expenditure of a substantial portion of our cash resources. If we make these payments in Common Stock, it may result in substantial dilution to the holders of our Common Stock.

Each share of Series B Preferred Stock is entitled to receive cumulative dividends at the rate per share of 9% per annum (as a percentage of the Stated Value per share), payable on each conversion date (with respect to only the share of Series B Preferred Stock being converted), which are payable in cash or in duly authorized, validly issued, fully paid and non-assessable shares of Common Stock at the conversion price then on effect in accordance with the terms of the Series B Certificate of Designation. As such, we may rely on having available shares of Common Stock to pay such dividends, which will result in dilution to our stockholders. If we do not have such available shares, we may not be able to satisfy our obligations as related to these dividends pursuant to the terms of the Series B Certificate of Designation, or we may be forced to make such payments in cash. If we do not have sufficient cash resources to make these payments, we may need to raise additional equity or debt capital, and we cannot provide any assurance that we will be successful in doing so.

The Series B Certificate of Designation and Warrants contains certain anti-dilution provisions, which may dilute the interests of our stockholders, depress the price of our Common Stock, and make it difficult for us to raise additional capital.

Certain events, for example, a Dilutive Issuance (as defined in the Series B Certificate of Designation) may reduce the conversion price of the Series B Preferred Stock and increase the number of shares to be issued upon conversion of the Series B Shares and also increase the number of shares of Common Stock to be issued upon exercise of the Warrants, which in turn may lead to further dilution to the holders of our Common Stock. Furthermore, dividends on the Series B Shares may be paid in certain circumstances in shares of Common Stock which in turn may lead to further dilution to the holders of our Common Stock. In addition, the perceived risk of dilution may cause our stockholders to be more inclined to sell their Common Stock, which may in turn depress the price of common shares regardless of our business performance. We may also find it more difficult to raise additional equity capital while any of the Series B Shares and the Warrants remain outstanding.

Under the October Purchase Agreement, we are subject to certain restrictive covenants that may make it difficult to procure additional financing.

The October Purchase Agreement contains, among others, the following restrictive covenants: (A) from the date of the October Purchase Agreement until 90 days following the later of (a) the earliest of the date that (i) the initial registration statement registering for resale all Conversion Shares and October Warrant Shares has been declared effective by the SEC, (ii) all of the Conversion Shares and October Warrant Shares have been sold pursuant to Rule 144 or may be sold pursuant to Rule 144 without the requirement for the Company to be in compliance with the current public information required under Rule 144 and without volume or manner-of-sale restrictions, (iii) following the one year anniversary of the Closing Date provided that a holder of Conversion Shares and October Warrant Shares is not an affiliate of us, or (iv) all of the Shares and October Warrant Shares may be sold pursuant to an exemption from registration under Section 4(a)(1) of the Securities Act without volume or manner-of-sale restrictions and counsel to the Company has delivered to such holders a standing written unqualified opinion that resales may then be made by such holders of the Conversion Shares and October Warrant Shares pursuant to such exemption which opinion shall be in form and substance reasonably acceptable to such holders and (b) the Stockholder Approval Date, we shall not (i) issue, enter into any agreement to issue or announce the issuance or proposed issuance of any shares of Common Stock or Common Stock equivalents or (ii) file any registration statement or any amendment or supplement thereto, in each case other than as contemplated pursuant to the Registration Rights Agreement and (B) from the date of the October Purchase Agreement until the later of (i) six months from the date of the October Purchase Agreement, (ii) thirty (30) days following the Stockholder Approval Date, and (iii) the date that we have fewer than 40,000 shares of issued and outstanding Series B Preferred Stock, we shall be prohibited from entering into any variable rate transactions, subject to certain exceptions. “Stockholder Approval Date” means such approval as may be required by the applicable rules and regulations of The Nasdaq Stock Market LLC (or any successor entity) from our stockholders with respect to issuance of all of the October Warrant Shares upon the exercise of the October Warrants, including, without limitation, to give full effect and consent to any adjustment to the Exercise Price or number of shares of Common Stock underlying the October Warrants following any stock dividend, stock split or other share combination event, dilutive issuance or reset date.

If we require additional funding while these restrictive covenants remain in effect, we may be unable to effect a financing transaction on terms acceptable to us, or at all, while also remaining in compliance with the terms of the October Purchase Agreement, or we may be forced to seek a waiver from the investor party to the October Purchase Agreement, which such investor is not obligated to grant to us.

Additionally, the October Purchase Agreement requires us to hold a meeting of our stockholders at the earliest practicable date (and in no event later than 60 days after the closing) to seek stockholder approval and, if such approval is not obtained at the initial meeting, to hold a second meeting on or prior to the 60th calendar day following such meeting, and thereafter every 90 days to seek stockholder approval until the earlier of the date stockholder approval is obtained or December 31, 2026, whichever is sooner, which may be time consuming and costly.

Our failure to meet the continued listing requirements of the Nasdaq could result in a de-listing of our common stock.

Our shares of Common Stock are currently listed on the Nasdaq Capital Market. If we fail to satisfy the continued listing requirements of Nasdaq, such as the corporate governance requirements, minimum bid price requirement or the minimum stockholder's equity requirement, The Nasdaq Stock Market LLC may take steps to delist our Common Stock. Any delisting would likely have a negative effect on the price of our Common Stock and would impair stockholders' ability to sell or purchase their Common Stock when they wish to do so.

We have in the past, and may in the future, be unable to comply with certain of the listing standards that we are required to meet to maintain the listing of our common shares on Nasdaq. For example, on August 26, 2024, we received a letter from Nasdaq stating that we did not comply with the minimum \$2.5 million stockholders' equity, \$35 million market value of listed securities, or \$500,000 in net income from continuing operations requirements for continued listing on The Nasdaq Capital Market as set forth in Nasdaq Listing Rules 5550(b)(1), 5550(b)(2), or 5550(b)(3), respectively. On February 14, 2025, we received a letter from Nasdaq stating that based on our Form 8-K, as filed with the SEC on February 12, 2025, Nasdaq had determined that we complied with the stockholders' equity requirement as set forth in Nasdaq Listing Rule 5550(b)(1).

On October 8, 2024, we effected a 1-for-20 reverse stock split of our then-outstanding Common Stock. Nasdaq Listing Rule 5810(c)(3)(A)(iv) states that any listed company that fails to meet the minimum bid price requirement and has effected a reverse stock split over the prior one-year period, or has effected one or more reverse stock splits over the prior two-year period with a cumulative ratio of 250 shares or more to one, will not be eligible for an automatic 180-day grace compliance period and the Nasdaq Listing Qualifications Department is obligated to immediately issue a delisting determination. Therefore, if we were to fall out of compliance with the minimum bid price requirement prior to October 8, 2025, we would not be able to effect a reverse stock split and would immediately be issued a delisting determination. Further, the Nasdaq rule provides that a company will not be considered to have regained compliance with the minimum bid price requirement if the company takes an action to achieve compliance (such as a reverse split) and that action results in the Company's security falling below the numeric threshold for another listing requirement.

If a delisting were to occur, our Common Stock would be subject to rules that impose additional sales practice requirements on broker-dealers who sell our securities. The additional burdens imposed upon broker-dealers by these requirements could discourage broker-dealers from effecting transactions in our Common Stock. This would adversely affect the ability of investors to trade our Common Stock and would adversely affect the value of our Common Stock. Delisting from Nasdaq would cause us to pursue eligibility for trading of our Common Stock on other markets or exchanges, or on an over-the-counter market. In such case, our stockholders' ability to trade or obtain quotations of the market value of our Common Stock would be severely limited because of lower trading volumes and transaction delays. These factors could contribute to lower prices and larger spreads in the bid and ask prices of these securities. There can be no assurance that our Common Stock, if delisted from the Nasdaq, would be listed on a national securities exchange, a national quotation service or the over-the-counter markets. Delisting from the Nasdaq could also result in negative publicity, adversely affect the market liquidity of our Common Stock, decrease securities analysts' coverage of us or diminish investor, supplier and employee confidence. In addition, our stock could become a "penny stock," which would make trading of our Common Stock more difficult.

The delisting of our Common Stock from Nasdaq may make it more difficult for us to raise capital on favorable terms in the future, or at all. Such a delisting would likely have a negative effect on the price of our Common Stock and would impair your ability to sell or purchase our Common Stock when you wish to do so. Further, if our Common Stock were to be delisted from Nasdaq, our Common Stock would cease to be recognized as a covered security, and we would be subject to additional regulation in each state in which we offer our securities. Moreover, there is no assurance that the actions that we have taken to restore our compliance with the Nasdaq Minimum Bid Price Requirement will stabilize the market price or improve the liquidity of our Common Stock, prevent our Common Stock from falling below the Nasdaq minimum bid price required for continued listing again or prevent future non-compliance with other applicable Nasdaq listing requirements.

We are subject to extensive environmental laws and regulations that may increase our operating costs or expose us to liability.

Our engineered soils, remediation, and logistics operations involve the handling, transport, and processing of materials that are subject to federal, state, and local environmental laws and regulations. These include those governing air emissions, water discharges, solid and hazardous waste, and site remediation. Compliance with these laws may require significant capital expenditures, administrative resources, and operating restrictions. Any actual or alleged failure to comply could result in civil or criminal penalties, project delays, or reputational harm. In addition, we may be held liable under strict liability statutes such as the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), even for contamination not caused by our own operations.

Changes in environmental laws and standards may impose additional costs and limitations on our operations.

Legislative and regulatory changes related to climate change, PFAS contamination, soil quality, and permitting frameworks may materially impact our business. For example, more stringent discharge thresholds or reclassification of materials we handle could require us to retrofit existing equipment, modify site operations, or alter how we transport and process soils. These changes could limit our ability to obtain or renew environmental permits or require significant new investments to remain in compliance.

We face risks associated with seasonality and weather that may impact our operations and revenue.

Our engineered soils, remediation, and logistics services are subject to seasonal demand and may be significantly affected by weather conditions. Adverse weather, including heavy rain, storms, or flooding, can delay project start times, suspend field operations, reduce hauling efficiency, or result in temporary site closures. These disruptions can negatively affect backlog conversion, customer satisfaction, and quarterly revenue variability.

Our business is dependent on a limited number of municipal and government contracts, which may be subject to political and funding risks.

A portion of our revenue derives from government contracts for soil remediation, infrastructure support, and materials supply. These contracts are awarded through competitive bidding and may be subject to delays, renegotiation, or cancellation based on budget availability, political changes, or performance-based reviews. The loss of any significant municipal or agency customer or failure to win expected bids could have a material adverse effect on our financial condition and results of operations.

Fuel costs, transportation constraints, and material price volatility may reduce our operating margins.

Our bulk materials logistics and hauling operations rely on a fleet of trucks and external transportation vendors. Rising fuel prices, driver shortages, or new regulatory mandates such as emissions limits or hours-of-service rules can increase logistics costs. Additionally, inflationary pressures or supply chain disruptions may impact the availability and cost of key materials such as aggregate, compost, or structural fill, adversely affecting profitability.

Our real estate holdings and facility operations require significant capital, management, and regulatory compliance.

We own and lease several properties that house soil processing, storage, and remediation activities. These properties must comply with zoning, permitting, and environmental requirements, and require continuous investment for maintenance, safety, and operational efficiency. If we are unable to operate these facilities profitably or repurpose them for alternative uses, we may not achieve an acceptable return on our invested capital.

Our business relies on skilled labor, specialized equipment, and operational execution to meet customer demands.

The success of our soil processing and remediation operations depends on access to qualified personnel and properly functioning, specialized equipment. Labor shortages, particularly in field services or trucking, may constrain our ability to meet project schedules. Equipment downtime, supply delays, or execution failures may increase project costs, reduce customer satisfaction, or delay revenue recognition.

Our trucking operations involve complex logistics that may be disrupted by operational, regulatory, or market conditions.

Our business includes operating and coordinating a fleet of trucks to transport green waste, engineered soils, and other bulk materials between job sites and our processing facilities. These operations require reliable scheduling, routing, and maintenance systems to ensure timely and compliant deliveries. Disruptions such as driver shortages, increased regulatory oversight on vehicle emissions or weight limits, limited availability of replacement parts, or road access restrictions may negatively impact our efficiency and increase costs. In addition, failure to maintain Department of Transportation compliance, vehicle safety records, or insurance coverage could result in fines or suspension of operations.

We face operational, regulatory, and economic risks associated with green waste projects.

Green waste handling and processing, including the receipt, sorting, and reuse of organic materials such as yard clippings, branches, and wood debris, are subject to environmental and permitting regulations. These projects may involve odor control, vector management, and contamination risks that require specialized handling and site management protocols. Changes in organic waste diversion mandates, composting regulations, or material classification standards may affect our ability to process or resell green waste economically. Additionally, fluctuations in demand from end-markets such as compost facilities, biomass plants, or soil amendment users may limit our ability to monetize collected material, which could increase storage costs or disposal expenses.

ITEM 2. Unregistered Sales of Equity Securities and Use of Proceeds

We did not sell any equity securities during the quarter ended September 30, 2025, in transactions that were not registered under the Securities Act other than as previously disclosed in our filings with the SEC and as described below.

ITEM 3. Defaults Upon Senior Securities

None.

ITEM 4. Mine Safety Disclosures

Not applicable.

ITEM 5. Other Information

During the second quarter of 2025, none of our directors or executive officers adopted or terminated any “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement” (as each term is defined in Item 408(a) of Registration S-K).

I, David Villarreal, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Safe and Green Development Corporation.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
